RE: U.S.A. v. Nathan Wyatt

- A. Please label each item and identify it by case number.
- B. Please provide an inventory of and index of what is stored.
- C. Please organize ESI in the form that it is used in the usual course of business with its logical unitization (e.g. a FBI 302 report, followed by its attachments and related photographs) or in a *reasonably usable or accessible form*. Fed. R. Civ. P. 34(a) & (b)(B)(I).
- D. If the government intends to provide discovery electronically, that currently exists in hard copy, before delivery, the hard copy should be scanned into a high-quality.pdf format (using Adobe .pdf software) with an optical character recognition (OCR) overlay (using the U.S. Attorney's Ipro software or other comparable software) with Bates Numbers.
- E. If the discovery is voluminous, please confer with counsel prior to providing ESI discovery regarding the format in which it may be provided.

I know that this list is extensive and I am sure that those items that are most important will be provided as soon as possible and that we can agree on when all of the others should be provided. I would, however, request that you produce "motion *Jencks*"--statements of any and all witnesses you intend to call as witnesses at the motion hearing in this matter--within a reasonable time before the motion hearing in order to avoid any possible recesses and delays in that hearing, pursuant to Fed. R. Crim. P. 26.2(d).

Thank you for your anticipated cooperation with these requests.

Sincerely,

LEE T. LAWLESS
